

COMPANY PROFILE

www.Firesafetyglobal.com

ABOUT THE COMPANY

Established in the year 2019, in Vishakhapatnam. Global fire safety services is one of the leading progressive firms in the field of Fire Fighting Equipment manufacturing and Consulting Services, All our products are ISI mark and CE mark, Global is bound to this planet to give services which cover Safety, security and protection which cares for human being & environment. With the base of world class engineering technology and superior quality of work we understand our customer needs. Global is committed to give services to our country & world with minimum cost, & optimum quality frame time.

Global provides a range of products and services (that include the supply, design, engineering, installation and maintenance) of :

- Passive and Active Fire protection, including Fire extinguishing, Fire stopping and Fire suppression systems.
- Smoke/heat extraction and Natural Ventilation systems.
- Fire alarm Systems including, detection and control devices.
- Risk management, risk assessment and training.
- Personal Protective Equipments
- Gas based fire protecting systems
- Fire hydrant Systems.

INTRODUCTION

Established in the year 2019 under the brand name Global Fire and safety, now recognized as Global Fire and safety. An ISO 90012015 Certified Prominent Manufacturer and Supplier for Premium Range of Fire Protection Systems Accessories Confirming to Indian Standards and Other Relevant Standards. Global Fire and safety is also an approved Licensed Agency for Directorate of Maharashtra Fire Service.

We have emerged to become one of the most trusted innovative Manufacturer Of Portable, Trolley Trailer Mounted Fire Extinguishers Gas Cartridges, Also Fire Alarm and Hydrant Systems, Fire Detection Suppression System, and many Other Similar Products For Commercial Industrial Applications. SAFEPRO Brand is Renowned for the quality of its product reliability of services. Global Fire and safety is also well established in the field of personal protection equipment's, manufacture & supply.

OUR VALUES

- Safety for Anything and Everything as an organisation. They do not change from time to These core values reflect what is truly important to us
- Flexibility time, situation to situation, or person to person, but
- Consistency can affect peoples lives. It is important therefore that rather they underpin our Group culture.
- What we do Reliability our customers can rely on us that we will do things right - we mean what we say and we do what we say. Integrity and Ethics We aspire to the highest quality standards in the fire Professionalism and safety industry internationally. Consequently we maintain the highest quality accreditation, constantly Value for Money train our staff at all levels.

COMPANY FACT SHEET

OUR INFRASTRUCTURE

We have been able to bring forth a prime quality range of fire extinguisher cylinders owing to our state-of-the-art infrastructure facilities. Spread across a sprawling area, the infrastructure comprises various units for production, quality testing, research, storage and packaging. All these units are equipped with all the requisite machines and equipment in order to assist us in the effective production and post production of our range. Besides, we stringently check and upgrade all the machines and clean oil them so that these remain in prime condition. Our latest addition of product line is Design, supply, installation, testing & commission of gas Based fire suppression system.
